DATE: March 7, 2025

TIME: 11:00 AM

TO: Municipal Flood Coordinators, LPRCA, SWMC, Media

FROM: Paul Gagnon, Lands & Waters Supervisor

SUBJECT: Watershed Conditions Statement – Water Safety (Event Message #4)

The Long Point Region Conservation Authority is terminating the **Flood Watch** message previously in effect. A **Watershed Conditions Statement – Water Safety** will remain in place for the entire watershed due to elevated stream flows and forecasted weather conditions.

People are warned to stay away from ditches, water bodies, streams, rivers, and ponds, as the combination of slippery banks and cold, fast-flowing water is dangerous. Landowners are also advised to ensure that dams, culverts, and catch basins are free from snow and debris and functioning properly, if the work can be done safely.

This **Watershed Conditions Statement – Water Safety** will remain in effect until **12:00 PM, Monday, March 17, 2025**. LPRCA staff will continue to monitor forecasted conditions and will update this message as necessary.

Contact Paul Gagnon, Lands & Waters Supervisor at lprca.floodmessage@lprca.on.ca or (519) 842-4242, Ext.232, should further information be required.

Note:

Watershed Conditions Statement – Water Safety Statement: A message issued by the Conservation Authority to advise municipal flood coordinators and watershed residents of high flows, unsafe banks, melting ice, or other factors that could pose dangers to recreationalists, children, and pets. Flooding is not expected.
